1. The following is an examiner's statement of reasons for allowance:
2. Applicant's arguments, see pages 2-6 of the appeal brief, filed 8-24-05, with respect to the rejection of the claims have been fully considered and are persuasive. The rejection of the claims have been withdrawn.
3. After further consideration, it is agreed that Naghi et al. and Aalbers et al. are directed to different types of cleaning instruments and therefore lack a clear motivation for combining the references. There is no specific teaching in Aalbers for using a foam backing layer as claimed and there is no specific teaching for using the roll structure of Naghi et al. for other types of rollers such as the removal tape of Aalbers et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
